## **DETAILED ACTION**

### ***Response to Arguments***

Applicant's arguments, see pages 2-4, filed August 7, 2009, with respect to claims 1-4 have been fully considered and are persuasive. The rejection of claims 1-4 has been withdrawn.

### ***Allowable Subject Matter***

Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art, as best exemplified by US 6,865,316 to Pratt, taken individually or in combination, fails to disclose or render obvious a multimode fiber comprising passive filtering means which are arranged to convert a first guided mode into at least one dissipative cladding mode in order to prevent or limit the propagation of the signals in the first guided mode while at the same time authorizing the propagation of the signals in a second higher order guided mode in the multimode fiber.

Claims 2-10 are allowed due to dependence from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
